REQUEST ACTIVATION CODE

REQUIRED FOR LICENSED SINGLE USER VERSION

After the very first start of CAD4U(-XS) or CAMOD you have 20 days left before it must be Activated!

Therefore you have to request an **ACTIVATION CODE** by sending an eMail to code@c-technik.de

This eMail should contain the following informations:

- SITE CODE
- MACHINE ID Site Code and Machine ID are generated automatically out of several PC hardware id's. That's why they are PC specific and the resulting Activation Code will only work on this single PC!
- Users full name and address
- If possible your license name (for example "no.1")

Since the Activation Codes are quite long and complicated, we recommend to use **eMail** communication to prevent misunderstandings and to simplify the required exchange of codes.

In case you don't have eMail on your working PC, please transfer the information via **clipboard** and **textfile** between your working PC and a PC with eMail connection.

Request an Activation Code:

 If your PC supports eMail communication, please click onto "eMail". This will start your eMail client software, add the eMail address <u>code@c-technik.de</u>, a subject title, the Side Code and the Machine ID into your eMail Editor.

Please add your **name** and **address**, if possible also your individual license name (for example "office desktop no.1").

Now you may send this mail directly to <u>code@c-technik.de</u>. As soon as possible you will receive an eMail back, containing the **Activation Code**.

2.) In case your PC has NO working eMail connection, please use the "Copy" button to copy the codes into Clipboard, paste (Ctrl+V) those codes from Clipboard to your Text Editor and transfer the text file to a PC with eMail connection.
